Dear Sir,

As advertised on Jobup.ch, I am employed as Vice President, Regional Head of Mena Region, International Banks Relations- Trade Finance with Banque Cantonale Vaudoise, Lausanne. I believe that the skills and experiences I have gained since more than 24 years in Trade Finance and Financial Institutions business make me an ideal candidate for your reputable Company.

My work experience is extensive, having worked in North Africa region such as, in BADR Bank, Housing Bank for Trade and Finance and Fransa Bank, or Middle East in Al Masraf Bank and presently in Europe, in BCV, Lausanne, I was responsible to run Trade Finance business, mainly letters of credit and international Guarantees such as advance payment, bid bond and performance bond along with payment guarantees and SBLCs. My experience in these markets (Europe and Mena) allowed me to create a large Bank and corporate network and personalized relationships with my counterparties. It granted me the opportunity to capture the business flow and settle all the trouble shootings.

With my passion and enthusiasm, I believe that I could offer your honorable Company a fresh perspective and innovative ideas in a competitive Trade market. Please review my enclosed resume. I would appreciate the opportunity to meet with you to discuss what I can offer.

Thank you for your time and consideration,

Kind regards

Adel Amara
